

## GETTING TO US

Shiel House, Rumbling Bridge, Kinross-shire, KY13 OPS

### **If you are approaching from the east (via M90)**

As you pass through and exit the Crook Of Devon village the road bends to the right. Pass a little gatehouse on the left and take the following left (next to the ITC Building Contractor sign). The drive is uphill and keep to the right. Pass left turnings to a big house plus another to an old farm and nursery. Finally, you will reach a silver gate on your left (code provided on booking). Up this little gravel road is Shiel House.

### **If you are approaching from the west (A977)**

Pass the turning to Rumbling Bridge (on your left) and the drive is your next right turning (next to the ITC Building Contractor sign) – then as above.

Enjoy!
